**SECOND PETITION UNDER 37 C.F.R. 1.137(a)**

Commissioner for Patents  
ATTN: Office of PCT Legal Administration  
PO Box 1450  
Alexandria, VA 22313-1450

Sir:

Pursuant to 37 CFR 1.137(a) this is a Second Petition to revive an unavoidably abandoned application for failure to respond to a Notice to File Missing Parts mailed January 31, 2002. An Affidavit of the practitioner in this application (the undersigned representative) and a copy of the previously submitted Affidavit of Mr. Kwame Brown are attached. While Examiner Shakeel Ahmed may have believed that an Notice to File Missing Parts was sent, since the Notice to File Missing Parts allegedly contains the correct correspondence address for the Applicant's representative, neither Mr. Kwame Brown, employee of McDonnell, Boehnen, Hulbert & Berghoff, ("MBHB") the Applicant's representative of record in this case, nor the undersigned representative ever received a copy of the Notice to File Missing Parts. Therefore, the entire delay in filing the required reply from the due date for filing the reply until the filing of a grantable petition pursuant to 37 C.F.R. 1.137(a) was unavoidable.

As Mr. Kwame Brown (U.S. Patent and Trademark Docket Clerk) attests in his affidavit, no Notice to File Missing Parts dated January 31, 2002 for the instant case was ever received by MBHB, otherwise he would have entered the Missing Parts Notice and due date for responding to the Missing Parts Notice into the MBHB docketing system and placed the Notice to File Missing Parts in the file jacket of the application. Furthermore, Mr. Kwame Brown attests that a search of the MBHB file jacket and docket records indicates that the Notice to File Missing Parts was never received. A copy of the MBHB manual docket records where the non-received Missing Parts Notice would have been entered had it been received and docketed is appended (as Exhibit A) to Mr. Brown's affidavit.

Similarly, the undersigned representative attests that no Notice to File Missing Parts dated January 31, 2002 for the instant case has ever been received, and that a search of the MBHB file jacket and docket record for this application indicates that the Missing Parts Notice was never received. A copy of the MBHB Attorney Daily Docket for March-August 2003, where the non-received Missing Parts Notice would have been entered had it been received and docketed, is appended to the undersigned representative's Affidavit as Exhibit B. These docket records cover the day on which a response would be docketed for the months of March, April, May, June, July, and August 2002. These dockets are completely devoid of any reference to our docket number 01-1637, which corresponds to the instant U.S. Patent Application 10/018,320. (Exhibit B)

Accordingly, the Applicants submit that the abandonment of this application was either the fault of the Patent Office for failure to mail out the Missing Parts Notice despite the fact that the correspondence address for the Applicant's representative was allegedly correct, or the fault of the U.S. Postal Service for failure to deliver the Missing Parts Notice to the Applicant's representative, assuming that the Missing Parts Notice was mailed out by the Patent Office.

Because the abandonment was due to the fault of the Patent Office or U.S. Postal Service and not the Applicants, the Applicants do not believe that any Petition fee is required. Accordingly, the Applicants submit that withdrawal of the Notice of Abandonment for this application and restoration of the application into pending status are in order and are respectfully requested.

In light of the fact that this particular matter has been at issue for nearly 9 months, accelerated consideration of this Petition and a favorable decision are respectfully requested. Further, as the application entered the national stage on 12 November 2001 and has not progressed to the substantive examination stage, Applicants request prompt consideration of this Second Petition in order to minimize the time cost and burden borne by them.

The Commissioner is authorized to charge any deficiency or credit any excess in this fee to Deposit Account No. 13-2490.

Respectfully submitted,

Dated: 9/5/03

Sir:

I, David S. Harper, being duly sworn, hereby state:

1. I am employed as patent attorney at the law firm of McDonnell, Boehnen, Hulbert & Berghoff ("MBHB") and am handling the prosecution of this application on behalf of Niels Krebsfanger, et al.

2. I submit this affidavit in support of a Second Petition to revive an unavoidably abandoned application for failure to prosecute pursuant to 37 C.F.R. 1.137(a) for this application.

3. Included in the first Petition, dated January 31, 2003, to revive an unavoidably abandoned application for failure to prosecute pursuant to 37 C.F.R. § 1.137(a) for this application, was 1) a copy of the MBHB docket records (or "manual docketing records"); 2) Affidavit of David S. Harper; and 3) Affidavit of Kwame Brown.

4. In support of this Second Petition to revive, we submit copies of the previously submitted copy of MBHB docket records and Affidavit of Kwame Brown.

5. I learned for the first time that this patent application was abandoned when I received the Notice of Abandonment dated January 9, 2003. However, based on my search of the MBHB file jacket of this application, and my review of the MBHB's firm Docket records on the day on which a response to the Notification would have been docketed, *i.e.*, for the last days of the months March-August, 2002 (Copy Attached Exhibit B), I do not believe that the Notice to File Missing Parts dated January 31, 2002 for the instant case was ever received by MBHB. Had a Notice to File Missing Parts dated January 31, 2002 been received by MBHB, the March 31, 2002; April 30, 2002; May 31, 2002; June 30, 2002; July 31, 2002; and August 31, 2002 due dates of the Notice to File Missing Parts would have been entered into the MBHB docket report (Exhibit B). Similarly, the Notice to File Missing Parts would have been attached to the file jacket of this application. My search of the file jacket of this application and docket records indicate that the Notice to File Missing Parts was never received.

Respectfully Submitted,  
**McDonnell, Boehnen, Hulbert & Berghoff**

**AFFIDAVIT OF KWAME BROWN**

Assistant Commissioner for Patents  
Washington, D.C. 20231

Sir:

I, Kwame Brown, being duly sworn, hereby state:

1. I have been employed as a U.S. Patent and Trademark Docketing Clerk at McDonnell, Boehnen, Hulbert & Berghoff ("MBHB"), the Applicant's representative of record for this application, since December 11, 2000.
2. As part of my duties as U.S. Patent and Trademark Docket Clerk, I am responsible for entering all communications to and from the U.S. Patent and Trademark Office into the MBHB computerized docketing system, including the due dates for responding to all Office Actions by the Patent Office, and manually entering the incoming U.S. Patent and Trademark mail into a daily log book.
3. I submit this affidavit in support of a Petition to revive an unavoidably abandoned application for failure to prosecute pursuant to 37 C.F.R. 1.137(a) for this application.

4. Subsequent to the Notice of Abandonment dated January 9, 2003, I learned that this application was abandoned for failure to respond to a Notice to File Missing Parts dated January 31, 2002. However, based on my search of the MBHB file and computerized and manual docketing records for January 28, 2002 through April 1, 2002 (copies attached as Exhibit A), I do not believe that a Notice to File Missing Parts dated January 31, 2002 for the present case was ever received by MBHB. Had a Notice to File Missing Parts dated January 31, 2002 been received by McDonnell, Boehnen, Hulbert & Berghoff, I would have entered the March 31, 2002 date of the Notice to File Missing Parts Response into the docket report under the column entitled "Action" and delivered the file with the attached Office Action to the responsible attorney, David S. Harper. My search of the file and docket records indicate that the Office Action was never received.

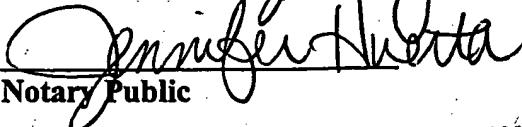

Respectfully Submitted,
